Feature	Multi-touch function (Windows 7 OS only!)
Dimension(LWD)	259×170×34/62mm (with bracket)
Weight	1092g

## 8. TROUBLE SHOOTING

### 1. Only black-and-white image

Check whether the level of color saturation and brightness is proper or not.

### 2. Power on but no picture

Make sure the PC、DVI、VIDEO、HDMI cable is tightly connected exactly correctly Make sure you are using the standard power adapter coming with the monitor.

### 3. Wrong or abnormal colors

If any color is missing, check the cables to make sure it is securely connected. Broken or loose pins in the cable connector can cause a bad connection.

### 4. Remote controller doesn't work

Check the battery to make sure the battery is installed properly and make sure it is not a low battery. The signal is interfered by some obstructions.

### 5. If any abnormal matters happened, pls enter “MENU” choose to reset

### 6. If it can't be touch, pls check the USB connects exactly correct or not.

## **9. REMARK:**

**If there are still any problems, you can connect with the related deals**

\*If interruptive image occurs, it maybe that the VGA signal frequency isn't matched with normal standard

\*It is a normal condition that some bright lines appear on the screen when you turn the unit.
